**RE: New edit computer**

Dear Mark:

I want to take a moment to thank you for the great experience I had buying my new video editing computer from you. You were patient with my many questions, and gave me prompt and accurate answers. You built a system with the correct specifications. And last, but certainly not least, you accomplished this task within my budget.

I would not hesitate to recommend you to anyone I know.

Sincerely Yours,

**Jerry**
